The Dispensing  
Specialist

## UNI DISPENSERS

### Simple. User friendly.

Optimize your self-serve station with the ASEPT UNI dispensers. The most economical way to dispense your favorite condiments.

Dispensing from pouches means easy loading and clean up, while the drip-free valves keep serving areas tidy.

Rugged pumps work with thick and thin products and products with heavy particulates.

The sealed system optimizes freshness and flavor and delivers up to 98% yield for minimal product and material waste.

The plastic housing provides style and durability. Available in different colors and branding options.

### Features & Benefits

- Few components - easy to disassemble and clean
- All components are dishwasher safe
- Sealed system achieves up to 98% product yield
- Consistent portion control
- Transparent pump body allows for quick product identification
- No-drip valve for clean serving areas
- Custom color and branding options available

ASEPT UNI Dispensers are designed for use with a variety of pouches and connector sizes.

Contact your ASEPT sales team for help identifying the right solution for you.
